

NSG 402 : Comm/Publ Hlth Nsg in Chng Wld

This course introduces the epidemiological process as a basis for understanding health and nursing in the community. The course emphasizes application of community theory, health promotion, and family theory in an epidemiological framework to health care on an individual, family, population and global level. The course assists students to examine health through community assessment and group teaching processes, with particular attention to the needs of vulnerable populations. Offered Spring. [Theory: 52 hours; Clinical: 80 Hours]

Credits 4
