

Transfer of Credit

Transfer of Credit from Other Institutions

The Registrars Office evaluates and transfers credit earned at accredited institutions per academic department guidelines. To be eligible for credit consideration, final official sealed transcripts from all post-secondary institutions (college, university, technical, proprietary school, etc.) previously attended must be submitted. Awarding of transfer credit is on a course-by-course equivalence basis for all coursework in which grades of C- or above (1.700) have been earned. Credit for non-equivalent professional courses may be awarded at the Registrar's discretion. Course grades from other institutions do not transfer, only credits do.

Notes

- Transfer credit is only granted for credits that will apply to the student's current degree program. If a student changes their major after initial matriculation, they may contact the academicadvising@sage.edu to determine if there will be a change in the amount of their transfer credits.
- Students starting a new major or career direction may find that not all of their previous college credits are accepted to Sage.
- For OT and PT graduate admission, undergraduate transfer course grades may be used in calculating the GPA(s) for admission.

Sage has established transfer agreements and transfer course equivalencies with many colleges. New schools, programs and additional courses are always being added. Contact the Registrar's Office or the Advising Office for a more comprehensive list of all transfer courses accepted to date. Students may also use [Transferology](#) (Transfer Equivalency Database) to search for course equivalencies.

Program directors and department chairs have final authority on the awarding of transfer credits for coursework transferring in through their departments. Transfer credits from subject areas that are not offered at Sage may be evaluated by the appropriate College Dean's office. In some cases students may be asked to submit a course description and/or course syllabus to evaluate the Sage equivalency for the credit.

Transfer of Credit after Matriculation

A currently enrolled undergraduate student who intends to transfer credit from another institution after matriculation at Sage must file with the Registrar the online Transfer Credit Approval Form (available in Self Service - Student Planning - Academics menu). No credit will be transferred without prior department approval, nor will credit transfer for coursework with a grade below a "C-". Please note that course grades from other institutions do not transfer; only credits do. If approved, transfer credits are expected to be completed during winter or summer breaks. Completing external transfer credits while also attending full-time classes at Russell Sage College is not recommended therefore approval may limit the number of credits or not be granted.

Before registering elsewhere to take a required course normally offered at Sage, the student must obtain consent of their academic advisor(s) or the Senior Director of Advising and verification of course equivalence (for courses not previously transferred to Sage) from the director of the program in which the course would be offered at Sage.
